## "GERVAIS GARDENS"

A. H. LOHMAN  
A. G. S. NO. 1086

1959 Sargent Ave.

St. Paul, Minn.

Growing "Glads" for pleasure is still my hobby, and am again offering them increase from my two hundred or more varieties in order to keep my planting within the limits of my time and space, and to give me more opportunity to work with seedlings and other flowers. Have tried to price items so they will sell quickly.

As I pack all orders myself, am in a position to give each customer the best possible treatment. I furnish only healthy, Minnesota grown bulbs, and am liberal with extras.
